FEBRUARY 8, 2018

I'm sorry that there won't be a 'Hoosierland Flyer' this month. I just messed up - again! I was planning on getting one out - but when I started on it I looked at the calendar and realized I had left it too late! No way to get it written, printed, mailed and e-mailed before the meeting since that is next week. The first of the month being a Thursday really fooled me!

The FEBRUARY MEETING will be on THURSDAY, FEBRUARY 15TH, 2018 AT TAYLOR UNIVERSITY.

We'll be in the Hodson Dining Commons again and I think the meeting will be in the Alspaugh Room, as usual. Anyone who wishes to join us can meet at 5:30 - 6:00PM in the Dining area, we occupy a couple of tables towards the meeting room end of the dining area.

The program this month is a presentation that I put together on the initial development of railroads, why they developed and some of the steps involved. I've called it "RAILWAYS - THE BEGINNING" and I hope you'll enjoy it.

The Chapter still doesn't have any plans, and I will confirm to everyone now that my wife and I will be leaving Indiana sometime in April or May and moving to Arkansas. I can still do the Flyer from there for a few months - but I don't want to commit to doing it for ever.

Who will take over? Can you put together a team to run the group and keep the meetings going? Do you want to?

Warm regards,
Hugh R. Harris,
Chapter President.
